# Building Environmental Services

From conducting quick compliance audits to writing detailed specifications for multi-site asbestos abatement projects, Urban's consulting staff is experienced and capable of handling projects large or small. Urban's professionals will assist you in identifying and resolving building environmental issues while minimizing costs and impact on normal business operations.

Urban understands the complexities of environmental and occupational safety hazards. Using our knowledge of regulatory requirements, we work closely with clients to evaluate needs and implement cost-effective and timely solutions. Whether it is developing customized training programs, evaluating indoor air quality or developing cost-effective engineering controls, Urban is committed to providing creative, responsive and practical solutions to building environmental issues.

## ■ BUILDING AND PROPERTY ASSESSMENTS

- Property Condition Surveys (ASTM E2018-01)
- Phase I Environmental Site Assessments
- Asbestos and Lead-Based Paint Surveys
- Mechanical Engineering/HVAC Evaluations
- Litigation Support

## ■ ASBESTOS CONSULTING SERVICES

- Asbestos Surveys and Hazard Assessment
- Asbestos Abatement Project Design
- Abatement Monitoring
- Contractor Selection Assistance
- Hazard Awareness Training
- Operations and Maintenance Programs

## ■ LEAD-BASED PAINT MANAGEMENT

- Inspections
- Risk Assessments
- Remediation Design
- Remediation Monitoring and Clearance Sampling

## ■ MOLD CONSULTING

- Mold Investigations
- Mold Remediation Specifications
- Mold Remediation Monitoring
- Clearance Sampling
- Operations and Maintenance Programs

## ■ INDUSTRIAL HYGIENE SERVICES

- Exposure Assessments
- Health and Safety Programs and Training
- Hazard Communication Programs and Training
- Health and Safety Compliance Audits

## ■ INDOOR AIR QUALITY

- Visual Inspections
- On-site Monitoring and Sampling
- Remediation Design and Oversight
- Operations and Maintenance Programs
